

## Sponsors Confirmed for 2006/2007 Season

SSA Media Release

With the start of the new season just five weeks away, the Super Sedan Association has finalised their sponsor roster for the 2006/2007 season and is pleased to announce the return of all existing sponsors in addition to the procurement of some new corporate partners.

Gold Coast-based company **A.S. Concrete Pumping Service** has procured naming rights sponsorship of the 2006/2007 Super Sedan Association Championship Series. Managing Director John McGeorge is one of Queensland's leading Super Sedan drivers, is a former national champion and was a key figure in the establishment of the Super Sedan Association more than 10 years ago. Since then, McGeorge has been a strong supporter of the SSA in a variety of ways and has now expanded that support with naming rights sponsorship of Australia's most prestigious regional Super Sedan competition for the 2006/2007 season.

Meanwhile, the Super Sedan Association's second-tier development series will be sponsored by **Ian Boettcher Nissan** in 2006/2007. Located at Ipswich, Ian Boettcher Nissan is Queensland's leading Nissan retailer, having won the *Nissan Sales Dealer of the Year* for the last seven years. This series was designed to assist new competitors to the category, low budget drivers and occasional racers by providing them with opportunities to go racing without the pressure of racing at the elite level. The Ian Boettcher Nissan Super Sedan Series will comprise eight rounds of competition, with each event to be run in conjunction with a round of the SSA Championship.

Joining the SSA as an official sponsor for the 2006/2007 is **Australian Garages & Carports**. As longtime sponsors of several Super Sedan teams, Australian Garages and Carports have an affinity with Super Sedan racing and their ongoing support of the category is greatly appreciated. Australian Garages and Carports has than 35 years experience in providing sheds, patios, garages, carports, commercial, rural and industrial buildings of unrivalled quality to over 25000 satisfied customers. For more information or a quote, phone 1800 620205 or visit [www.australiangarages.com.au](http://www.australiangarages.com.au)

Another welcome new addition to the SSA sponsor roster for 2006/007 is **CP Pistons**. With more than 500 off-the-shelf piston designs, CP Pistons can accommodate the widest variety of motorsport applications. Furthermore, CP Pistons can produce a set of high performance pistons specifically designed to suit your needs. A commitment to your racing program is reflected in every piston produced. For more information, contact Quantum Racing Industries on (07) 3290 5911.

In addition to these new corporate supporters, the fantastic loyal sponsors continuing their support of the Super Sedan Association in 2006/2007 include:
