ALL MONO CLASSES – items found in Class Technical Manual - [Click Here](#)

Effective 01/07/2022

A competition seat, complete with head and shoulder containment, either built in or bolt on will be MANDATORY. The use of these full containment type seats is highly recommended as the MANDATORY inception date approaches.

Effective 01/07/2023

The use of an SFI or FIA certified and rated Head & Neck Support device such as 'HANS' for drivers and passengers, where applicable, will be MANDATORY FOR ALL SSA Inc classes. The use of a 'HANS' type device is highly recommended as the MANDATORY inception date approaches.

SEAT BELTS

Effective 01/07/21

All belt or harness sets must be of SFI 16.1 certification and rating or greater.

SEAT SET BACK MAXIMUM UPDATE (National 4's not applicable)

When a Full Containment Seat is in use, an additional 100mm rearward may be added to the maximum allowable seat position.

NUMBER IDENTIFICATION

All vehicles must display identification number as issued by their member Club.

Roof number plates are optional IF identification number is displayed on both sides of car and roof turret in a contrasting colour and appearance and must be clearly distinguishable from a distance.

ALL MONO CLASSES – found in Class Specification Manuals - [Click Here](#)

TRANSMISSION TUNNEL - may be notched only at the points where front and rear spreader bars intersect transmission tunnel

DATA LOGGING DASHES

It is permitted to use Data Logging dashes. The use of traction control is strictly PROHIBITED.

SEDAN UPDATE
